Further updates to Ig Transitions FAQ regarding the Request for Proposals (RFP) for Immunoglobulins and other Plasma Protein and Related Products (PPRP)

Customer Letter # 2024-13

2024-03-12

Dear Colleagues:

The attached is an updated version of the 2024 Ig Transition FAQ, which has been revised with expanded details on page one (1) from the NAC guidance on both intravenous and subcutaneous Ig transitions. Hospital customers, clinical groups, and other stakeholders are all encouraged to circulate the updated FAQ widely but may also use the content from the FAQ for their own notices or patient education tools.

Please share a copy of this customer letter with healthcare professionals at your hospital who might be interested in this information.

This customer letter can also be viewed at www.blood.ca in the “Hospital Services” section. If you have questions about this letter, or if you require it in an accessible format, please contact your local hospital liaison specialist.

Sincerely,

Sylvain Grenier
Director, Plasma Protein and Related Products Formulary Program
